

Ziyaaddin Yaramis

Full-Stack Software Developer | Founder, ZyInnova

contact@zyinnova.com | [Portfolio](#) | [GitHub](#) | [ZyInnova](#)

PROFESSIONAL SUMMARY

Software developer and founder of ZyInnova, building practical web and mobile product work with an emphasis on clear scope, maintainable implementation, and evidence-based communication. Hands-on project experience includes Flutter, Firebase Authentication, Cloud Firestore, REST/HTTP integrations, and HTML/CSS/JavaScript. Works professionally in English and Finnish at B2 level.

CORE SKILLS

- **Mobile:** Flutter, Dart
- **Web:** HTML, CSS, JavaScript, Bootstrap utilities
- **Backend and data:** Firebase Authentication, Cloud Firestore
- **Integration:** REST/HTTP APIs, TMDB API
- **Workflow:** Git, GitHub, documentation, iterative delivery

EXPERIENCE

Founder & Software Developer - ZyInnova | Current

- Define and develop founder-led web and mobile product work under the ZyInnova umbrella, from product scope through implementation and iteration.
- Maintain the public founder portfolio and keep project communication aligned with the current development status; current private product work includes LemmikkiLife and GameScan.
